Trade Kitchens is a well established company that will assure you of a reliable and comprehensive service. We can help you design your dream kitchen and we can either supply your kitchen or we can fit a kitchen that you have already purchased.

Having a new kitchen can be an expensive job and although fitting your own kitchen can be a way to save money more often than not you will end up spending more money in the long term by replacing units that were fitted incorrectly and you may not get as many years from your kitchen as you would get if your kitchen was installed professionally.

All of our fitters are qualified professionals and they will work with you to ensure your dream kitchen is as you imagined and that you will receive many years from your investment.

The kitchen is the heart of the home for most families, so the prospect of having no kitchen can be a daunting thought especially if you have a family. Trade Kitchens will fit your new kitchen with the minimum disturbance to you ensuring that you are without your working kitchen for the absolute minimum time. We will provide you with a reliable, quick and clean service.

Our fitters are a group of professional tradesmen and they all have lots of experience. We offer you a comprehensive service including removal of your old units and appliances, tiling, plastering, plumbing, decorating, flooring and installation of your new appliances.

We offer our services in Kingston upon Thames and the surrounding areas: Stoneleigh, Hounslow Heath, Roehampton and Morden plus further a field.

For Kitchens Kingston upon Thames contact us today for a comprehensive and competitive quote.

We will design, supply and fit your dream kitchen.

Over 30 styles to choose from, all at trade prices.
